COUNTY MANAGER

July 15, 2017

To: Board of County Board of County Commissioners

From: Ashley Stukey, Budget Officer

The following is an executive brief regarding the tentative budget for FY 2018. This document has been produced to fulfill TRIM (Truth in Millage) requirements that after the Property Appraiser has certified the FY 2018 taxable value (July 1st), we have 15 days to present a balanced budget to the Board of Commissioners.

This presented budget is balanced and is considered the tentative budget for FY 2018, there are a few items that still need to be deliberated; one is the funding level for outside agencies. The funding level that is presently in this tentative budget is at FY 2017 levels. The applications for the agency requests have been provided to you for consideration in our prior budget document from the one-on-one meetings. Also, as we head further into the summer we will continue monitoring cash levels and projected revenue estimates. Changes can be made up until the actual public hearings in September.

We have set two workshops in August (1st & 15th) to present the FY 2018 tentative budget. At these meetings, the constitutional officers will also present their budget requests.

If you have any questions please feel free to call.

Thank you.
