

**BAY COUNTY BUILDERS' SERVICES DIVISION**

**RESIDENTIAL DRIVEWAY  
AFFIDAVIT AND NOTICE**

**Your electric power cannot be turned on**  
until the driveway final inspection is approved and filed.  
The driveway final inspection is required.

This notice is to inform you that a **driveway final inspection** will be needed for your project if it is on a County road.

If the driveway is **new**, you will need to apply to the Engineering Department for a Driveway Permit for a new access to a County road.

If you have an **existing** driveway, the inspection is still required, but is free of charge.

All questions regarding driveway permits and inspections should be directed to the Engineering Department at 248-8301.

I have read and understand the above,
