The enforcing agency shall require each building permit for the demolition or renovation of an existing structure to contain an asbestos notification statement which indicates the owner's or operator's responsibility to comply with the provisions of Section 469.003, *Florida Statutes*, and to notify the Department of Environmental Protection of his or her intentions to remove asbestos, when applicable, in accordance with state and federal law.

If you are renovating or demolishing a commercial, industrial or government owned building or residential structures with more than four units, the Federal EPA regulations concerning asbestos apply to your project. These are the asbestos rules in the National Emission Standards for Hazardous Air Pollutants (NESHAP), 40 CFR 61, Subpart M. Your obligations to comply with these regulations are not satisfied by meeting the requirements of the local building official to obtain a building or demolition permit.
