A COMPLETE GUIDE TO YOUR BAY COUNTY RECYCLING PROGRAM

Find out what materials are recyclable, where you can take them in Bay County, guidelines for correct recycling practices, and more!

<http://www.baycountyfl.gov/212/Solid-Waste>

Recycling helps protect many natural resources. Recycling fibrous materials (e.g. newspaper, cardboard, office paper) saves millions of trees. Making new aluminum cans from old cans uses 95% less energy than making new cans from virgin ore. Recycled plastic material can often be used in place of virgin wood. Recycling used motor oil prevents pollution to our waterways and stormwater systems.

RESIDENTIAL RECYCLING DROP-OFF SITES

What materials are accepted where?

BAY COUNTY RECYCLING DROP-OFF SITES *RESIDENTIAL ONLY*

- H.G. Harders Park
- Sherman Avenue Park
- Waste-to-Energy Plant
- Lynn Haven Recreation Complex
- Mexico Beach Site
- West End Site

- Aluminum beverage cans
- Steel/Tin Cans
- Newspaper/Mixed Paper
- Cardboard/Paperboard
- Plastics

Steelfield Landfill

- Aluminum beverage cans
- Steel/Tin Cans
- Newspaper/Mixed Paper
- Cardboard/Paperboard
- Rechargeable batteries
- Electronics
- White appliances (refrigerators, dryers, etc.—Tipping rates apply)
- Used motor oil

ALTERNATIVE RECYCLING DROP-OFF LOCATIONS

The News Herald Headquarters

- Newspaper

Redco Recycling (769-2191)

- Mixed paper
- Office paper
- Cardboard
- Newspaper
