Prospective Respondents

**RE: Addendum #1  
19-04 Disaster Recovery Consultant Services**

Please accept this as Addendum No. 1 for the above referenced solicitation.

The following questions have been received. The County's answer is in bold.

1. Is there a firm who is the current incumbent contract holder for these services? **No formal contract.**
2. If no, is there a consulting/emergency management firm already on board providing these emergency services post-Hurricane Michael? **CDR Maguire has a temporary contact post-disaster.**
3. Would the County consider a cumulative page limit total for the entire proposal response submittal instead of having page limits on certain sections of the proposal response? **No adjustments to page limits will be made at this time.**
4. Our firm is reviewing your RFP for disaster recovery consulting services, are very interested in being of service to you at this most difficult time, and appreciate the opportunity to ask you the following question to clarify the nature of the services for which you are seeking assistance.

Based on our experience and expertise in helping Cities and Counties adversely impacted by natural disasters, we have interest in advising and assisting you in lobbying FEMA, other federal and state agencies as needed, and the US Congress to secure federal funding, including helping you and your team address issues that may arise with those governmental entities related to that funding.

Thanks for clarifying if, and to what extent, such services are within the scope of your RFP and the help you seek.

**See RFP 19-04 Exhibit A Scope of Services**

All respondents shall acknowledge receipt of this addendum by signing and submitting, with submittal, the addendum acknowledgement form included in the RFP package.

Sincerely,

*Wendi Nation*
