Prospective Respondents

**RE: Addendum # 5 20-51 Architectural, Engineering, Geotechnical,  
and Surveying Professional Services**

Please accept this as Addendum No. 5 for the above referenced solicitation.

The following question has been received. The County's answer follows in **bold**.

1. Page 5, Right to Reject, provides, in pertinent part: "A submittal may be rejected if it is non-responsive ... A Submittal may be non-responsive by reasons including, but not limited to, ... submission of more than one Submittal **for the same work** from an individual, Respondent or corporation under the same or a different name...

Would a submittal be considered "non-responsive" if a company is submitting on certain categories of work and a subsidiary of that company submits on a separate category of work? There would not be duplicate submittals for the same work.

**If the company and subsidiaries have different FEINs then each may submit a proposal. If there is only one FEIN for the firm and all subsidiaries only one proposal may be submitted.**

All respondents shall acknowledge receipt of this addendum by signing and submitting, with their submittal, the addendum acknowledgement form included in the RFP package.

Regards,

A handwritten signature in blue ink that reads "Karen Grindle".

Karen Grindle  
Asst. Purchasing Director
