Re: Case Number HM21-00071
Subject Property: 2522 ISLAND VIEW DR, PANAMA CITY, FL
Property ID Number: 26718-162-000

Dear Property Owner:

The above-referenced property has been identified as having significant damage from Hurricane Michael, and needs repair. At our last inspection on October 26, 2021, this property was determined to be in violation of Bay County Code Section 17-2 in the form of an unfit/unsafe structure, accessories, trash, junk, debris, overgrowth, unsecured pool and stagnant water. The following actions must be taken to correct the above stated violations:

- Unsafe conditions must be corrected. A detailed action plan and scope of work from a licensed structural engineer will be required before building permits may be obtained and work can begin.
Alternatively, the structures and accessories may be demolished, and all debris removed from the property.
All trash, junk, debris and overgrowth must be removed from the property and disposed of lawfully.
A safety barrier must exist around the swimming pool. The broken fence must be replaced or repaired to prevent access. All stagnant water must be drained or properly treated.
All overgrown grass or weeds must be cut or mowed.

This correspondence will serve as official notification that the above stated violations must be corrected before December 1, 2021.

This case is scheduled to be presented to the Special Magistrate for Bay County at the hearing on December 2, 2021, at 9:00 AM CST at the Bay County Government Center located at 840 W. 11th St., Panama City, Florida. If found in violation, the Magistrate may order the violations be corrected. Fines, liens or special assessments may be placed on the property for noncompliance and/or the costs of abatement, repair or demolition by the County.

For further information, you may contact me at (850)248-8290.

Sincerely,

The following actions must be taken to correct the above stated violations:

- Unsafe conditions must be corrected. A detailed action plan and scope of work from a licensed structural engineer will be required before building permits may be obtained and work can begin. If the structure is located in a flood zone, a Substantial Damage determination from the Bay County Certified Floodplain Manager may be required. Contact Planning & Zoning at 850-248-8250 for more information.
Alternatively, the structures and accessories may be demolished, and all debris removed from the property. A demolition permit must be obtained from Bay County Builders Services prior to beginning work.
All trash, junk, debris and overgrowth must be removed from the property and disposed of lawfully.
